RUSSIAN RELIEF DRIVE

Citizens of Los Angeles county will contribute a million pounds of used clothing to the destitute families of Russia's fighting-men if a campaign soon to be launched locally is successful. Sponsored by leaders in social, civic and religious affairs and conducted under the auspices of Russian War Relief, Inc., the drive will be launched this week and will continue through next month.

ODT Approves Expanded City Bus Line Plans

(Continued from Page 1-A)
transfer privileges. Torrance would receive 10 cents for the remainder of the trip to this city.

The city council voted to consider Ward's communication and his suggestion for a revision of Sunday schedules which he now considers are inadequate, further and took no action. Ward's communications were read just before the appointment of Koors to the new position of bus counselor.

Areas Covered
Here is how the expanded system will function after the new buses arrive:

The run to 10th and Hill sts., Los Angeles, will remain as at present, except it will be extended to serve the Harbor Hills housing project in addition to Waveria and Lomita.

The second route from Los Angeles will start at Slauson and Central, go west on Slauson to Western and south on Western to Torrance, returning by the same route.

The third line will be from Watts to Compton, to Gardena, to Torrance and on to Redondo Beach, returning over the same route.

The fourth route will be from Lawndale to Torrance by way of Hawthorne ave.

Connections Planned
Connections will be made with important carriers in the area. At Redondo Beach, the Torrance bus will meet the Sunset Stages at the municipal pier. In Lawndale it will meet the Sunset Stages at Hawthorne and Redondo Beach blvd. The Sunset stages run north and south on Hawthorne from Regent st. in the central part of Inglewood to Redondo Beach blvd., where transfers to the Torrance line will be made.

On the Watts-Compton run, the Torrance bus will meet the Pacific Electric and the Compton bus line, which will take passengers within three blocks of the Compton Junior College.

Koors said he is convinced the critical manpower shortage in Torrance war plants will be greatly alleviated under the new set-up. The proposal to run a line into Long Beach was turned down by ODT because it regards the manpower situation there more acute than here.

Koors and Mayor William H. Tolson, who has long been an advocate of extended and better transportation facilities, say the ultimate outlay by Torrance will be in the neighborhood of \$75,000.

Local Mariners are Advanced in Rank

Three licensed merchant marine officers living in San Pedro and Torrance were commissioned this week by the United States Maritime Service at 326 N. Avalon blvd., Wilmington.

William Jonathan Emery, master, former resident of 433 Hamilton ave., San Pedro, who recently moved to San Francisco, received a promotion from lieutenant commander to commander.

Commissioned a commander is John Ernest Wakem, chief engineer, 204 N. Cabrillo ave., and Frederick A. Nevins, 1644 W. 210th st., Torrance, a first assistant engineer, received a lieutenant's commission.

Representatives of 35 nations will join in staging a spectacular pageant and war bond rally at famed Pasadena Rose Bowl on Sunday, May 21, under auspices of the Treasury War Finance Committee.
